"The Coin Machines Merry-Go-Round"

"SCHOOL FOR MECHANICS"

By Bill Gersh

One of the most popular suggestions ever made by The Cash Box was that a "School for Mechanics" be created by the members of this industry so that the speedy progress which this trade is expected to make, as new equipment starts rolling off its production lines, will not be halted in any fashion whatsoever.

It is a well known fact, thruout the trade, that the average operator can only expand as fast as his men (and himself) can handle and completely control the new machines he purchases.

In short, if he is lacking mechanics, then he cannot expand as much and as fast as he would like to. Mechanics are, therefore, among the most important necessities for the average coinman.

To insure his having sufficient mechanical skill at his beck and call, The Cash Box continues to urge that a "School for Mechanics" be created by the industry in a central location where the majority of the manufacturers' new products will be at hand for these men to study, to experiment with and to work upon.

There is no doubt that even the Federal Government would be happy to help in such a program. It would then be offering many returning G.I.'s the opportunity to enter into such a school and learn a trade which would prove profitable to them for their future years.

Such men are sure of getting better and steadier positions instead of just taking chances on returning to their home towns and seeking for whatever work might be available to them.

Distributors and jobbers are as much in need of good mechanics as are the operators.

Furthermore, even those mechanics who have been working for some years now find themselves falling behind as the new equipment is presented.

The new machines are featuring many electronic and mechanical principles discovered during the wartime era. Older mechanics should therefore take "refresher courses" to get them right into line with these new developments.

From everywhere in the nation letters have come to The Cash Box commending this publication on this suggestion. These letters have urged that it continue its efforts so that the trade will come together to create a "School for Mechanics."

Many of the coinmen who wrote offered to pay for the tuition and expenses of men who would attend the school and who would come to work for them the moment the course was finished.

Some suggested that such schools be created in various metropolitan centers in the nation and that experienced mechanics and factory engineers teach in these schools.

Some urged that already accredited trade schools, now offering electrical and mechanical courses, be asked to open a special course to teach men to become mechanics of coin operated equipment.

This suggestion for a "School for Mechanics" has gained the greatest and most enthusiastic support of the trade.

It is a great need. Few realize how great a need this is until they have traveled thruout the nation. Leading operators, jobbers and distributors admit that one of their greatest problems is the lack of good mechanics.

Many complaints regarding slow deliveries of equipment are due to the fact that the firm taking the order lacked sufficient mechanical help to get the equipment out in the promised time.

Many a complaint in this direction would have never come about were there a "School for Mechanics" in existence where these firms could call for men who were completely trained in the work necessary to them.

Operators have reported that they would have purchased many routes if they only had the mechanics necessary to handle the additional machines.

In fact, many an operator, jobber and distributor has been forced to let good deals get away from him for the lack of mechanics to service the additional equipment he would like to purchase.

Most important is the fact that the average coinman wants to progress and to expand his operations so that he will be all set for the boom times which he knows are on the way. To do this he must have mechanics with complete knowledge of all the new machines.

Therefore, from the standpoint of the manufacturer, it is good business to arrange for a "School for Mechanics."

This will mean greater and better sales. It will, more than anything else, assure better attention for the new equipment.

It is the hope of The Cash Box that the trade will get together to create a "School for Mechanics." It is tremendously important from the standpoint that it will help to ease and to speed the growth of this industry.

FEAR TAXATION DRIVE

Many Communities Seeking More Revenue As New, Bigger Budgets Are Proposed. Reported Planning To Increase License Fees. Expect Ordinances Asking For Percentage Of Collections. Games And Phonos Will Be Hardest Hit According To Reports.

Coinmen Urge Trade to be Prepared by Creating a National Tax Council

NEW YORK — With open publication of the fact that communities thruout the nation are seeking more revenue, as city councils propose new and bigger budgets, letters have been reaching The Cash Box in ever growing number to the effect that cities from which these letters are received are planning to greatly increase their license fees to obtain as much income as possible from all industry.

Many coinmen who have written in have advised that word has already reached them that their city is planning to obtain as much as they can from music and amusement equipment, which seem to be the two divisions of this field that are going to be hardest hit in this new revenue seeking drive.

Already Omaha is fighting a tremendously increased license fees ordinance on both its pin games and phonos. Chicago has just undergone a $50.00 per year phono tax ordinance. Philadelphia is also in the throes of attempting to overcome an increase to $25 for phonos and also an increase on its pin games. Los Angeles faces the prospect of a $25 per year per phono license as well as an additional $1 for each wall box.

Other cities thruout the nation are reporting similar attempts. But what is frightening most coinmen is the fact that many of these communities are planning to follow along the lines of the proposed Texas bill and get a percentage of the collections from the phonos and pin games.

The Texas bill, which was shelved this past year in Austin, asked for $50 per phono and 20% of the gross receipts from each phono; the same bill also asked for $100 per pin game and 20% of the gross receipts from the pin games. This is now reported to be spreading to communities in the country and where the states aren't attempting to get this sort of a bill thru, local ordinances are being proposed in an attempt to get a percentage of the take.

In each case those coinmen who wrote The Cash Box urged that this publication continue its efforts to get the trade to create, as soon as possible, a "National Tax Council". The Cash Box has urged the creation of such a council for more than three years. It has pointed this out as one of the most outstanding necessities in the field. These coinmen are eager and anxious to have such a "National Tax Council" come into being immediately.

GAME MFRS. WORKING HARD TO SPEED PRODUCTION

Backlog Demand Keeps Growing Greater

CHICAGO — A rapid survey taken among the leading games manufacturers here produced the fact that tho these firms are enduring a great many hardships because of lack of supplies and materials of all kinds necessary to the production of their products they are, at any rate, continuing on to arrange for speed production when these supplies materialize.

It is also explained by some of the manufacturers that, in view of the fact they have not been able to sufficiently fill the orders which they have received, the backlog demand for machines has risen to unprecedented heights. It is believed that this backlog demand is now at its highest peak.

Some of the manufacturers are in hopes that lumber and general supplies will sufficiently loosen up so that they may help out their customers as best as they can at this time. But, with the overpreponderance of strikes now in effect in industries which cater to their supply needs, it does not seem that they will be in any position to completely take care of the orders which they have been receiving.

Tho some manufacturers are suggesting that the trade continue to have patience and wait for supplies to increase, when they shall be able to speed up their production of machines, other manufacturers are optimistic in their statements, that regardless of all these surrounding factors, they are going ahead as fast as they can and hope to be in full speed production even earlier than expected.

In general, tho, the average games factory is hard at work attempting with all possible effort to get into production. Purchasing agents are out every day contacting one supplier after another getting some supplies here and some there. These manufacturers are to be complimented on their very extensive efforts to get their games into production as fast as they can to satisfy the trade's demands.

NEW VENDOR MFG. BEING HELD UP

NEW YORK — Production of the new merchandising machines is being held up, according to available and current reports, in view of the fact that the strikes now in effect have crippled obtaining sufficient supplies for any sort of normal output.

The trade has been eagerly awaiting new type multiple vending candy machines to replace those now on the market.

Even more eager are the cigarette machine operators thruout the nation to get the new ciggy venders. These are especially being held up in production, the reports state, because of the quantities of steel required in their manufacture.

The beverage dispensers, to which the entire trade is looking for tremendous progressive developments, will also be held up for sometime to come, these reports say, because of the supplies and steel required and the fact that many of the larger factories are not able to make deliveries of required units.

Many other types of vending machines are also being held up from appearance on the market until suppliers can take care of the manufacturers in this field.

FIRST CLASS MAIL MAY BE AIRMAIL

WASHINGTON — Tho reported here some two years ago that plans were under way in the Post Office Department to make First Class Mail as Airmail after the war, this seems to now gain ever greater credence with the reports, which have come from the Postal Department this past week, that investigations are already under way to make First Class Mail ride the airlines of tomorrow. And, it is reported, that this may go into effect very soon.

This will act with good favor upon those subscribers of The Cash Box who have always maintained their First Class Mail subscription of $48. This is known as the "regular" subscription to The Cash Box. In addition to the fact that The Cash Box is mailed to the $48 per year subscriber by First Class Mail there is also space given each free of charge to these subscribers. This space appears in the classified section after the February 4 issue.

"CLEAN WINDOWS" SAYS OP

Believes Painted Windows Do Not Help Trade

DAYTON, O. — George Fair of Montgomery Distributing Co., 951 Troy St., this city, has what he calls "a pet gripe."

He writes, "As a coinman these past twelve years I've had a pet gripe that's still in my system today.

"During Xmas I was in one of our leading cities all week calling on numerous coinmen and I noticed that things haven't changed a bit as far as my gripe is concerned.

"What is this terrible thing bothering me? Well, simply, why does the coin machine industry, as a whole, maintain that secretive, old-time custom of the early days—of hiding behind painted windows and thereby encouraging the public to believe that the entire field is syndicate controlled?

"Almost every distributor, jobber and operator seems to have a painted-over store front. This seems to at once stamp the place as some sort of a 'secretive joint'.

"When the day comes that coinmen come out in the open and conduct their operations in the manner of business men, then adverse legislation and public opinion will make an about face."

DROUGHT DUE SOON FOR SOFT DRINKS

NEW YORK — Beverage vendor ops were much upset by the news, issued this past week by the Metropolitan Soft Drink Board of Trade and the New York State Bottlers Assn., that the most severe drought of soft drinks ever to hit this city was on its way.

"This is the worst time in our history", reported Morris Kirsch, president of the Metropolitan Soft Drink Board of Trade. Sugar allotments from OPA are granted on a quarterly basis, according to the amount used in '41, he reported. "The figure is high for every quarter but the first", he stated.

Last summer allowances were cut from 80% of 1941 use to 50%. "A lot of plants are going to have to close down for a week, two weeks or a month", Kirsch claimed.

Anticipation of the cut in sweetening was indicated by the Coca Cola Bottling Company of New York. James Connor, assistant to the president, said that its operations had been suspended from December 22 to January 2 to permit continuous work this quarter.

HEATH REPORTS SPEEDY GROWTH

MACON, GA. — Ed. Heath of the Heath Distributing Company, this city, reports that his firm have enjoyed a steady and speedy growth since their entrance into the distributing division of the field.

He reports, "We have been operating for over eleven years and distributing for the past three years. Our business has grown daily and is continuing to grow at a very speedy pace. We now employ 16 people and believe that before '46 is over we shall be employing many more.

Ed. Heath

"We are exclusive distributors for D. Gottlieb & Company of Chicago; Exhibit Supply Company, Chicago; H. C. Evans & Company, Chicago; O. D. Jennings & Company, Chicago and the Mike Munves Corp. of New York.

"We are a youthful organization and I believe that this is the reason for the vim and vigour and forward outlook of the people who are with us. The average age of the officials at our firm is only 32 years. We are all in good health and expect to be in this business for the next thirty years."

The firm are seeking for additional lines in their territory, Heath reports, and also claims, "There is no doubt of the job that we can do for any manufacturers in our territory. We just want them to contact us and let us tell them why we believe that our organization is going to lead the south to the greatest sales in all coin machine history."

The entire Heath Distributing Company organization lines up to have its picture taken. "Next time we take a picture", Heath reports, "we'll have twice as many people lined up, believe me."

LEO DIXON IS AN AIREON CHARTER DISTRIBUTOR

R. R. (Rudy) Greenbaum and Leo Dixon

KANSAS CITY, MO. — Rudy Greenbaum, Vice-President of Aireon Mfg. Corp. announced that Leo Dixon of Cleveland is a charter member of the newest "family" in the automatic music business.

Leo's Triangle Music Company in Cleveland, the Tri-State Distributing Co. in Pittsburgh, Pa., the Marquette Distributing Co. in Detroit, Mich. and the Miami Distributing Co. in Indianapolis, Ind. have contracted to become authorized factory distributors of Aireon's new automatic phonographs and accessories.

Dixon first started in the coin operating business about 1933 with the original Whiffle Board which was the forerunner of the pin table as we know it today.

He started in the automatic music business in 1936 and fast became one of the largest operators, first in his own territory and later in the entire United States.

Dixon was instrumental in organizing the Ohio Phonograph Operators Association which has been recognized as the model for such associations the country over. He helped organize other territories such as Philadelphia, Detroit, Indianapolis, Terre Haute and is at present President of the Ohio State Organization.

In announcing Dixon's affiliation with Aireon, Greenbaum stated, "Nothing has pleased me more than to know that Leo Dixon, whom I have long regarded as one of my best friends as well as one of the cleverest business men in our field, recognized along with the rest of us the tremendous potential of Aireon's Electronic Phonograph. Leo was one of the first distributors to join our organization and we both look forward to a long and prosperous relationship."

LEMKE ADDS $10,000 ADDITION TO HIS BLDG

DETROIT, MICH. — Henry C. Lemke of the H. C. Lemke Company, 31 W. Vernor Highway, this city, reports that he is adding a $10,000 addition to his present building to give him more space.

He writes, "We are working hard on this new addition and expect to have it all ready very soon. We shall require all the additional room we can obtain and adding onto our present building at this time is going to help us tremendously."

WRITE CONGRESSMEN ABOUT BUCKLEY BILL

Nation's Music Leaders Urge All Ops To Write Their Congressmen. "We must stop Buckley Bill immediately." Juke Box Ops Cry.

NEW YORK — From all over the nation leaders are writing in to declare that it is imperative for all juke box men to instantly write to their Congressmen so that the Buckley Bill (H.R. 3190) now in the House of Representatives Patents Committee will be shelved right where it is.

One coinman writes, "We can see no benefit, after reading this bill, which the Federal government can derive from its passage in the way of increased revenue —or, in fact, anything else. This bill", he continues, "is simply and wholly directed against the juke box industry with the intention to make this business pay ASCAP and BMI and any others who may enter into the music copyrighting picture a yearly license fee.

Dr. Ruth Alexander in The New York Sunday Mirror (Jan. 6) in a column headlined, "Write To Your Congressman", says, "We in the United States have the priceless privilege of writing letters to public persons on public policy. But it won't be long now till we lose that right unless we exercise it. The essence of Democracy lies in the phrase, 'write your Congressman', but most of us laugh it off and say, 'Who, me? What good would that do?'"

Dr. Alexander in her column brings out a very great truth to every juke box man in the country. Unless these men will immediately give their own Congressmen, and especially those Congressmen who are on the House Patents Committee, some reason why they should kill the Buckley bill, this bill is bound to continue on and can be pushed right thru to become a Federal law.

That means that every single juke box in the nation will then be liable to a tax of whatever figure BMI or ASCAP decide is fair, as a yearly license fee, for an instrument which will then be giving "a public performance for profit".

Who is there to tell ASCAP or BMI that they should not charge $200 or $500 or even $1,000 per year for the license which will give each individual juke box the privilege to play their copyrighted music? Even if they were to feel extremely lenient (and they have already indicated this is their figure) and charge only $100 per year per juke box per license for the right to play their copyrighted music they would be obtaining $40,000,000 per year from the 400,000 juke boxes now on locations thruout the nation.

They are not playing for peanuts. $40,000,000 per year is something any organization will fight to obtain. And, therefore, this industry must start fighting now and fight with all its might to stop this bill right where it is.

Reproduced here once again is the Chas. A. Buckley bill just as it now appears in the Patents Committee of the House of Representatives. Also repeated here for the third time are the members of that Patents Committee.

Whether your Congressman is a member or not, get a letter off to him immediately. Get letters from your locations, your friends, your family, your mechanics, your suppliers and everyone else even remotely connected with you and mail them to your Congressman today! KILL THE BUCKLEY BILL!

THIS IS THE BUCKLEY BILL

79th CONGRESS — 1st SESSION

H. R. 3190

IN THE HOUSE OF REPRESENTATIVES MAY 11, 1945

MR. BUCKLEY (by request) introduced the following bill; which was referred to the Committee on Patents

A BILL

To amend the Act entitled "An Act to amend and consolidate the Acts respecting copyright", approved March 4, 1909, as amended.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Act entitled "An Act to amend and consolidate the Acts respecting copyright", approved March 4, 1909, as amended, be amended as follows: Amend section 1 by adding the following new subsection (f):

"(f) To make or to procure the making, if the copyrighted work or any component part thereof be an acoustic recording, of any duplicated or recaptured recording thereof on a disc, film, tape, wire, record, or other device or instrumentality, by or from which, in whole or in part, the sound recording on the copyrighted work may in any manner, or by any method, be reproduced or communicated acoustically; to publish and vend such recordings of sound; and to communicate and reproduce the same acoustially to the public, for profit, by any method or means utilizing any such recording in, or as part of, any transmitting or communicating apparatus: *Provided, however,* That, except if the recorded sound be part of a copyrighted motion picture, no exclusive right other than contained in this subsection (f) shall exist in respect of any acoustically recorded work."

Amend section 1 of such Act by striking out the last paragraph thereof which reads: "The reproduction or rendition of a musical composition by or upon coin-operated machines shall not be deemed a public performance for profit unless a fee is charged for admission to the place where such reproduction or rendition occurs."

Amend section 5 by striking out the present subsection (1) and substituting therefor the following subsection:

"(1) Motion pictures, with or without sound."

Amend section 5 by striking out the preesnt subsection (m) and substituting therefor the following subsection:

"(m) Recordings which embody and preserve an acoustic work in a fixed permanent form on a disc, film, tape, record, or on any and all other substances, devised, or instrumentalities, by any means whatever, from or by means of which it may be acoustically communicated or reproduced."

Amend section 6 to read as follows:

"Sec. 6. That compilations or abridgments, adaptations, arrangements, dramatizations, translations, or other versions of works in the public domain, or of copyrighted works when produced with the consent of the proprietor of the copyright in such works, or works republished with new matter, shall be regarded as new works subject to copyright under the provisions of this Act; but the copyright secured in any such new works shall not affect the force or validity of any subsisting copyright upon the matter employed or any part thereof, or be construed to imply an exclusive right to such use of the original works, or to secure or extend copyright in such original works: *Provided, however,* That acoustic recordings of any copyrighted musical work made pursuant to the provisions of subsection (e) of section 1 upon payment to the copyright proprietor of the royalty specified in such subsection whenever the owner of such musical copyright has used or permitted or knowingly acquiesced in the use of such copyrighted musical work upon the parts of instruments serving to reproduce the same mechanically, shall not be regarded as new works subject to copyright under the provisions of this title unless the proprietor of such musical copyright has consented to the securing of copyright in such recording."

Amend section 11 to read as follows:

"Sec. 11. Copyright may also be had of the works of an author, of which copies are not reproduced for sale, by the deposit, with claim of copyright, of one complete copy of such work if it be a lecture or similar production or a dramatic, musical, or a dramatico-musical composition; of a title and description, with not less than five prints taken from different sections of the film, accompanied by corresponding portions of its acoustic recording, if any, if the work be a motion picture with or without sound; of a photographic print, if the work be a photograph; of a title and description, with the record or instrumentality containing the recorded sound, if the work be an acoustic recording; or of a photograph or other identifying reproduction thereof; if it be a work of art or a plastic work or drawing. But the privilege of registration of copyright secured hereunder shall not exempt the copyright proprietor from the deposit of copies, under sections 12 and 13 of this title, where the work is later reproduced in copies for sale."

Amend section 12 by adding the following:

"For the purpose of this title, any duplicated or recaptured recording on a disc, film, tape, wire, record, or other device or instrumentality, by or from which, in whole or in part, the sound recorded on the copyrighted work may in any manner, or by any method, be reproduced or communicated acoustically, shall be deemed a copy of the work."

Amend section 15 by adding the following:

"Of the acoustic recording, except if such recording be part of a copyrighted motion picture with sound, any duplicated or recaptured recording thereof given protetion under section 1, subsection (f), of this title, shall be manufactured by a process wholly performed within the limits of the United States."

This Act shall take effect as of July 1, 1945.

HARRY PAYNE IN OHIO FOR PACKARD

Harry Payne

INDIANAPOLIS, IND. —Harry Payne of Newark, Ohio, has just been appointed Packard Manufacturing Corp., Regional Manager for the State of Ohio, according to an announcement made by W. F. Struby, President of Packard Manufacturing Corp.

Mr. Struby, in commenting on the appointment said, "We are very happy to have Harry with us because he is one of the old-timers in the automatic phonograph business and has the confidence and respect of all the operators in Ohio.

"At the present time, Harry is busy calling on the operators and distributors in Ohio, bringing them the news of the Packard 1946 Pla-Mor line."

MEXICO DOUBLES TARIFF ON LUXURY IMPORTS

MEXICO, D. F. — The Treasury Department here disclosed this past week a new tariff schedule designed to virtually double duties on imports of luxury goods. Details of this new tariff, which becomes effective on January 13, were not as yet divulged.

In announcing this action the Treasury Department pointed out that only a small part of its trade with the United States would be affected. Goods included in the new tariff are cosmetics, cameras, electrical equipment, toys, decorations, porcelain, billiard tables, jewels, jewelry, etc.

Coinmen here are wondering whether this will also affect Juke Boxes under the label of "electrical equipment" as well as pin games and other machines which could also be interpreted as "electrical equipment". And, if not interpreted as "electrical equipment", would the interpretation come under the "toys" designation?

Coinmen are therefore eagerly awaiting complete details of these new tariffs.

NEW BOTTLE VENDER

CHICAGO — The General Vending Machine Corp., Chicago, is showing their new bottle vending machine which will be sold to bottlers thru about 75 franchised distributors thruout the country.

The firm report that no committments have as yet been made on any franchises but that final agreements are scheduled for January 31.

The machine itself is reported to be in two sizes. These will sell to bottlers for $335 and $485. First models, the report states, will be available in March.

W. U. STRIKE HOLDS UP COIN NEWS

NEW YORK — Coin machine news which is usually wired into the publication offices of The Cash Box, 381 Fourth Avenue, this city, was held up this past week due to the Western Union strike.

Some of this news will appear in the next (January 21) issue.

WOLF FLIES TO CHI "TO BRING IT BACK ALIVE" HE SAYS

M. S. (Bill) Wolf

LOS ANGELES, CAL. — M. S. (Bill) Wolf of California Amusement Co., flew out of this town this past week bound for Chicago and the AMI showrooms.

"From where", he stated, prior to getting on the plane, "I'm going to bring it back alive."

By 'it", Bill explained, he meant the new AMI phono. 'I feel sure", he continued, "that when the music machine men here on the Pacific Coast see the new AMI they're going to admit that they are looking at an entirely new and different phono."

Wolf has already made arrangements for the showing of the new AMI line at the Hotel Ambassador in this city as well as the Hotel Mark Hopkins in San Francisco.

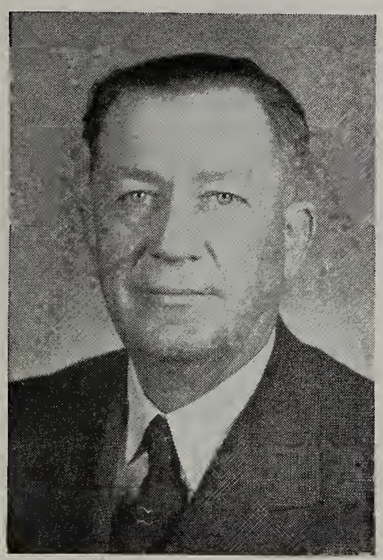
"In fact", he reports, "all arrangements for refreshments, food and entertainment have also been completed. We're going to put on the biggest showing of its kind ever held on the West coast. Just mark that down in your book and then call around when we announce the official showing days and prove it to yourself."

And to make it even more forceful, Bill said, "If I can I'm going to fly the new phono which AMI is going to show right back to our Los Angeles offices with me. In fact, I've already asked the airlines for cargo space.

MINTHORNES SHOW NEW SEEBURG

LOS ANGELES, CAL. — Jean and Dolores Minthorne of the Minthorne Music Company, this city, will show the new Seeburg Model 146 phonograph next Sunday (January 20) with elaborate buffet lunch. This will be the first showing of the new Seeburg phono on the Pacific Coast. Showrooms will be open from 10 A.M. to 8 P.M. to accommodate visitors.

KRAMER APPOINTED PACKARD REG. MGR.



Roger Q. Kramer

INDIANAPOLIS, IND. — Missouri, Kansas and Oklahoma will be covered by Roger Q. Kramer as Regional Manager for Packard Manufacturing Corp., according to an announcement made by W. F. Struby, President of Packard Manufacturing Corp.

"Rog Kramer has been in the automatic music business ever since the days of the Holcomb & Hoke Electramuse and is well qualified to help operators and distributors in the above territory in their music operation," said W. F. Struby, in announcing the appointment.

AIREON OFFICIALS VISIT ART HERMANN

ALBANY, N. Y. — This past week, according to Art Hermann of the Arthur Hermann Company, this city, Aireon officials, R. R. (Rudy) Greenbaum, vice-president of the firm and A. E. Welch, executive vice-president, flew into Albany to visit his new building and showrooms which have gained much newspaper publicity in this city as among the largest here.

"It seems", Art Hermann reports, "that these boys now know how tough it would be to get into Albany from the airport here if they were foreigners. Maybe they are at that. For it seems that they did not check in with the customs officials at Burlington, Vt. After a slight delay and after they had produced their papers, they were then allowed to enter Albany."

Hermann reports that the men spent the entire day visiting his new building and were very much impressed with the showrooms and offices. They helped with suggestions to prepare for his showing of the new Aireon line of electronic phonographs, he says.

Hermann also claimed, "After this talk I had with 'Rudy' and Mr. Welch I can safely predict that the new Aireon music line will soon be on display at our offices here as well as the offices of all Aireon distributors thruout the country."

UNIFIES JERSEY MUSIC OPS

Barney (Shugy) Sugermon addressing New Jersey's music coinmen.

NEWARK, N. J. — Barney (Shugy) Sugerman of Runyon Sales Company, this city, in a very stirring and dramatic speech before the music coinmen of this state at a party given the leading juke box men by his firm, is reported to have won the acclaim, admiration and complete good faith of these coinmen.

It is believed here that by his efforts and his work that evening he was able to bring together everyone of the leading music operators in the state and to unify them solidly behind the association's new program.

Sol Kesselman, attorney and general manager of the Phonograph Operators Association of New Jersey, reported that the speech which Sugerman made clicked so well with those present that the gathering instantly voted to go all out to make every coinman who was not present this evening at the Essex House Hotel in this city a member.

Sugerman is reported to have based his speech on the nation's slogan, "In unity there is strength".

He stated, "If we don't stick together now—we'll hang separately. Every operator here knows that we are faced with a great many problems from now on until conditions normalize themselves. We must keep cool, calm and collected and we must have the complete support of everyone of the juke box men in this state to make certain that we are going to be solidly behind the best program which can be worked out to benefit us all."

"Shugy" Sugermon with two returned soldiers, whose fathers helped to build the juke box business in New Jersey. Left: H. Betti, Jr. of Union City, 'Shugy" and Lambert Marks of Bayonne.

The new president of the association, Bernie Goodman, believes that by his speech, "Sugerman not only unified the music operators in this state, but he most definitely made himself the most outstanding man here. Everyone of the operators is behind him. We feel that Shugy is out to help us in every way possible and wants us all to prosper in the future."

BALLY PLANT ALL BALLY NOW

Government Machinery is Out. Complete Plant on New Production Basis. "It's like another Willow Run," Says George Jenkins

CHICAGO – Word has just been officially released from Bally Manufacturing Co., this city, that the entire plant has now been cleared of Government machinery, which was used in the manufacture of war products and which won for Bally the Army and Navy "E" Award with three stars.

According to George Jenkins, vice-president and general sales manager of the firm, "The entire plant is now ready for complete production of coin machine equipment. Our production lines are as outstanding as they were for our wartime manufacture. In fact, we can safely state, it's another Willow Run idea."

Herb Jones, vice-president and works manager, and other executives of the firm are busily engaged in arranging for one of the greatest production set-ups in all Bally Manufacturing Company's history. These executives are fully convinced that, provided no further delays or obstacles are encountered, they will set a complete new production record for the coin machine industry in time to come.

Further news will soon be forthcoming from the firm's officials regarding their future plans.

Ray Maloney, president of Bally Manufocturing Ca., invites cainmen ta visit the Bolly plant.

IS IT STRATEGY OR IS IT DOC'S NEW TIE?

CHICAGO — Jim Mangan, advertising and public relations counsellor, De Witt (Doc) Eaton, general salesmanager of AMI and Harry Brown of American Amusement Company, Chicago, get into a huddle on what next move the firm will make regarding its advertising. "Or", as someone stated at this conference, "would the discussion be all about Doc's new tie with the musical motif?"

MINNEAPOLIS HIKES JUKE AND PIN FEES

Increases Pinballs From $50 to $150. Jukes From Zero to $50. Claim Revenue Needed For Police Maintenance and Regulation.

HELP NEEDED!

If you have won a case in your city on excessive taxation of pinballs or phonos, or have any precedents which might prove of help—rush them immediately to:

MINNEAPOLIS AMUSEMENT GAMES ASSN.
1624 Chicago Ave.
Minneapolis, Minn.
Att.: Mr. Phil Moses

Please be sure that this reaches Mr. Moses on or before Thursday, January 17, for at that time the coinmen are meeting with the license officials on this regulation.

MINNEAPOLIS, MINN.—Once again, as has happened practically every year, this city has decided that the time has come to raise the license fees of pinballs and phonos.

Since there is no license fee for phonos in this city, juke box coinmen were stunned to read that a $50 per year phono license had been requested.

Pinball men also were much upset to learn that an increase from $50 per year per game to $150 had been proposed.

This time, tho, the city did not exact the increase in the form of an ordinance, but as a regulation. This regulation is based on the fact that 40 more policemen are needed by the city to maintain and regulate its pinballs and music machines.

In short, the additional revenue which will be obtained from this huge increase in the license fees will pay for the salaries and expenses of these 40 more policemen who will be needed to take care of the juke box and pinball regulations.

Coinmen here are much upset for this is the first time that the increase has been placed before them in the form of such a regulation.

A meeting was already held and the next meeting will be held on Thursday, January 17 with the license officials and coinmen here in an effort to break down this unusually excessive and inequitable tax demand.

FRED MANN OPENS AIREON CHI OFFICES

Fred Mann

CHICAGO— Fred Mann, northern regional director for Aireon Manufacturing Corp. of Kansas City, Mo., is busily engaged in opening the new Aireon showrooms and offices in this city at 157 North Michigan Blvd.

The offices will be located on the street level floor of this building on the northeast corner of Randolph Street and Michigan Blvd., one of the best known corners in this city.

Fred will be in charge of the Aireon automatic phonos and accessories which will be on display in this ground floor showroom. He will also make his offices here.

It is reported that Aireon is spending approximately $50,000 to open these beautiful ground floor showrooms on Chicago's famed "Boul Mich" and that all of their various products will be on display here.

All divisions of the firm will be represented and the managers of these divisions will have their offices here.

Mann reported, "The moment that we are completely finished with our display we hope that every single one of the operators will call around and see our showrooms."

URGES TRADE OVER THE TOP ON THE NATIONAL PARALYSIS FUND DRIVE

Bill Rabkin

NEW YORK — Wm. (Bill) Rabkin of International Mutoscope Corp., this city, who was appointed Chairman of the coin machine industry division for the National Foundation for Infantile Paralysis, Inc. drive is urging the trade to go over the top by contributing as much and as fast as it can to this drive thru his chairman's office.

Bill reports that with the Christmas and New Year holidays out of the way coinmen will now have more time to pay attention to this most worthy cause. It is his hope that those who haven't as yet sent in their contributions will do so immediately.

DISTRIBS HOLD MEET

CHICAGO — Three distributors of Aireon products are meeting in this city to arrange for future working plans.

They are: Ted Bush of Bush Distributing Co., Minneapolis, Minn., Harold Klein of the Klein Distributing Co., Milwaukee, Wis. and Irv Sandler of Sandler Distributing Co., Des Moines, Ia.

Ted Bush

According to Ted Bush, "We have arranged for a meeting in Chicago which is the central point for the three of us and we are going to discuss future plans and sales promotion for the factories we represent.

Harold Klein

"We feel that regular meetings of this kind will help us to formulate plans far enough in advance so that we can proceed with the work and place the job in the proper hands to get it done."

Irv Sandler

AL DOUGLIS BACK IN COIN FIELD

CHICAGO— Al. S. Douglis, one of the industry's real old-timers is reported to be back in the coin field once more with his building located on the near north side of this city.

As yet Douglis has made no announcements of the firm's plans. He has not indicated what machines he will present. But the trade will remember all the Daval counter games which the firm presented for many years prior to the war.

It is generally believed in trade circles here that Douglis will be back on the old stand with his former partner, Dave Helfenbein and that both of these men, when they make their first official announcement, will be greeted by a great many distribs, jobbers and operators thruout the trade which they helped to create.

JERSEY ASSN. ATTY. TO WASHINGTON WITH CONGRESSMAN ON BUCKLEY BILL

Claims it is "Special Class Legislation"

NEWARK, N. J. — Sol Kesselman, who was re-engaged as attorney and executive secretary of the Phonograph Operators Assn. of New Jersey, 60 Park Place, this city, on January 3rd, reported the following in a letter to The Cash Box.

"I explained to the members at that time (Jan. 3) the importance of the Buckley Bill in that this was the latest attempt to change the Copyright Law of 1909 so as to permit ASCAP and BMI to exact an assessment or fee for the privilege of operating their music machines.

"Each of the members was asked to immediately communicate with his Congressman and Senator to raise his objection to the bill. I have specifically asked them to write the three New Jersey Congressmen on the Patents Committee of the House, viz: Congressmen Hartley, Wolverton and Hart.

"The bill is strictly class legislation in favor of a particular group. It certainly does not in any way amend the Copyright Law in any of its provisions, nor does it in any way benefit the Government of the United States.

"Its sole effect is to give to a particular class, in this case principally ASCAP and BMI, the right to exact a fee or levy upon the privilege of operating a music machine in public.

"It apparently is doing by indirection, what the law says it cannot do directly, that is, special class legislation.

"In accordance with the expressed will of the association, I have arranged to personally see Congressman Fred J. Hartley and give him a complete summary of the entire matter.

"I am also, and through the good offices of Congressman Hartley, arranging to see Congressmen Wolverton and Hart in Washington next week and discuss the subject with them.

"These men do not frequently have the background of the proposed legislation of Congress and it is the duty of our citizens to write them on the subject under discussion and explain the situation.

"I know that after the true picture is given to the Congressmen, they will have a better understanding of the subject matter and will more intelligently be able to vote on it.

"If this action would be taken by other associations and groups throughout the United States, I am sure that the chance of the bill passing would be considerably reduced, if not completely eliminated.

"I would very much welcome letters from music associations throughout the country with a view to being able to crystallize action on a common front and, if possible, appoint a Committee of music machine men from various associations and present the matter as a group.

"The matter requires urgent and speedy action."

PIN LICENSE IN RECORD INCREASE FROM $5 TO $2000 PER YEAR

IRVINGTON, N. J. — Probably setting the all time record for a high license fee proposal for pin games are the two ordinances now before this community's Town Commission which would raise the present license fee of $5 paid by the operators, in the form of an occupational tax, to $2,000.00 plus an additional $10 per machine for location owners.

The ordinances were tabled for two weeks by the Town Commission on protests of the operators who appeared before it this past week.

Benjamin Ratner, Newark attorney and a resident of this city, speaking for several of the operators called the $2,000 fee, "Definitely discriminatory, confiscatory and unreasonable". He said that it would drive out the small operator.

Ratner contended that one machine netted about $800 annually to an operator and that, while the $2,000 fee would drive out the small operator, "The one man who, fortunately, is wealthy would be given the opportunity to control the business on his own", he said.

Ratner also stated, "If the ordinance is for the purpose of driving the machines out of Irvington, I'm with you, for this would be in the interest of society."

Ratner argued for a fixed fee for each machine. He cited court decisions holding similar licensing measures illegal and indicated he would contest the ordinance in the Supreme Court if it were adopted.

Advancing similar arguments were Morris Prince of Newark whose son has three machines licensed in this community as well as Sam Waldor of Newark who talked for other operators.

Public Safety Director Balentine, sponsor of the ordinances, termed the machines "nuisances" and said that his ordinances were designed to "do away with them". He said that with release of materials many new types of machines would be produced and that he was guarding against "an influx of these machines in the town".

"No one can argue that they are a good thing for the town and you, yourself, Mr. Ratner," Balentine said, "have agreed with this. My object is to do away with these machines. If the $2,000 fee isn't high enough to get rid of them, maybe we'll make it higher."

Supporting Ratner's monopoly arguments, Public Works Director Hausmann suggested a $100 or $500 fee per machine. Balentine said under such an arrangement "the fee would be paid and they would still be here."

AIREON SUBSIDIARY SHIPS LOUD SPEAKERS

KANSAS CITY, MO. — The Aireon Manufacturing Corp., this city, announced this past week that its subsidiary division in Slater, Mo. has just shipped to the parent company its first truckload of speakers.

These are for use in radios, phonographs, public address systems and other fields allied with radio and electronics, according to the reports received.

The Slater, Mo. division is producing speakers of Cinaudagraph Speakers, Inc., an Illinois corporation, acquired by Aireon last summer.

AMERICAN COIN OF ROCHESTER CHANGE NAME

ROCHESTER, N. Y. — Jerry Kertman of the American Coin Machine Co., this city, reports that on January 10, 1946 the style and trade name of the firm will be changed to the Kertman Sales Corp.

Address of the firm will remain the same at 573-575 N. Clinton Ave. where they have the entire building for themselves.

132 TRADE EDITORS EXPECT BEST YEAR

NEW YORK — Over 132 editors of the nation's leading business papers believe that 1946 is going to be the best year this country has ever had in manufacture, distribution and sale of consumer goods, a survey indicates.

This optimism is based upon the belief that the steel strike will be short-lived and that reasonable working harmony between employers and unions will be established early in the year.

It is predicated upon the hope that price ceilings, which business contends is making full production impossible, will be removed or realistically revised.

All industries are planning for their greatest sales years, these editors report.

CARL TRIPPE IS REMODELING BLDG

ST. LOUIS, MO. — Carl Trippe of Ideal Novelty Co., this city, reports that he is remodeling his present quarters and preparing for the greatest business which the firm have ever yet enjoyed in its history.

Carl reports, "We are constructing a balcony which will run thruout the entire half of the building for a new parts department. We intend to have the best and largest parts department in the Midwest. We are going to make this a 'one-stop' place where the operator can get anything he needs."

The firm will feature the parts of Rockola, Northwestern and International Mutoscope.

They are also reopening their salesboard and premium department which is known as the Ideal Sales Company and is under the management of Art Paule who has just returned from three and a half years with the Navy.

Many other former servicemen have also returned to the firm. Red Kelly is reported to have sold his studio and is now back with the Ideal Sales Co. Earl Bowman who is in charge of the repair and parts department is back from three years in India. Frank Scherrer is Earl's assistant. Tom Dunbar is now in charge of the arcade department.

George Timpe is back at his job as auditor after two years in the army. John Bristow is now back with the Ideal Roller Rink after three years in the South Pacific. Eddie Hawkins is back after three and a half years in Germany at the Missouri Tavern Supply Co., Springfield, Mo., a division of Ideal Novelty Co.

JERSEY OPS GREET IRV MORRIS

NEWARK, N. J. — Irv Morris of Active Amusement Machines Co., this city, reports that, "One of the greatest thrills I have ever received in all my life was when the operators in this state came into our new showrooms and offices here to give us a big, official greeting back to our home state and also tell us how much they wanted to have us in this territory."

Irv Morris

Irv Morris has spent almost his entire career, with the exception of the past few years when he worked in the Philadelphia offices of the firm, in this community. He claims that the entire organization is completely geared to give the trade the finest of service as well as the best equipment.

He stated, "Now that we are completely settled in our new showrooms and offices here we are ready to take on the lines of all the manufacturers we represented here prior to the war.

"Not only do we believe that we can do a great job for the manufacturer, but can assure him that if he will check with the operators thruout the state he will learn that they want to deal with our firm for everything they buy.

"Jersey is one state where the operators want to deal with Jersey people. Therefore this is important for every manufacturer to consider."

LEWIS HAS HOCKEY CHANGEOVER

CHICAGO — Leo Lewis of Lewis Coin Machine Service, 3924 W. Chicago Ave., this city, is reported to be clicking in a big way with his new Chicago Coin Hockey changeover.

He is converting the old Hockey machines into the new twin manikin model. Ops who have already seen this changeover report it to be among the finest machines ever yet produced. It is reported to be very reasonably priced.

Location tests, the firm report, have shown that this new changeover is one of the best money-makers which has ever yet appeared.

Two can play where only one could play the former Chicago Coin Hockey.

TWIN PORTS IS N. W. PACKARD DISTRIB

DULUTH, MINN. — I. Alpert of Twin Ports Sales Company, this city, has just been appointed exclusive Northwest distributor for Packard Manufacturing Corp. of Indianapolis, Ind.

The firm are already featuring the Packard Pla-Mor Wall and Bar Box and are preparing for one of the most elaborate showings in their history when the new Packard Pla-Mor Phonograph arrives.

Alpert enthusiastically stated, "We are already in action with Packard merchandise and can supply all the trade in our area with the famous Pla-Mor Wall and Bar Box, as well as cable. We shall soon have four new speakers for the music coinmen, too, We suggest that the boys drop in and listen to what we are preparing to show them."

MODERN ARE EASTERN DISTRIBS FOR NEW "VOGUE" COLORED PLASTIC RECORDS

Earl Winters and Nat Cohn

NEW YORK — Earl Winters and Nat Cohn of Modern Music Sales Corp., this city, have just been appointed exclusive eastern distributors for the new "Vogue" plastic records.

According to Nat Cohn, "These records are the most beautiful that have ever yet appeared in the trade. They come in all the pastel colors and are made of plastic. Not only that, but they feature, right on the record itself, America's leading recording artists in full color.

"The record is known as, 'The Picture Record in Color'. It will retail at $1 but will sell to the juke box operators for only 65c. But, here's something that is going to revolutionize the entire record industry. These records have a metal core that run right thru their center. This eliminates the use of trays in juke boxes.

"It has proved that the record will last ten times longer than the ordinary record not only because of the fact that it eliminates all tray trouble but because of its plastic composition to which no shellac record can compare itself."

Both Earl Winters and Nat Cohn are tremendously enthused over the Vogue records for they believe that these are going to become the most outstanding in the nation.

Vogue Records of Detroit, Mich, are already reported to be in full scale production and will start off by introducing approximately 20 new numbers.

AOA BANQUET HELD AT LATIN QUARTER

NEW YORK — The Arcade Owners Association held their annual banquet at the Latin Quarter in this city this past week (Thursday, January 10) and enjoyed a very fine dinner as well as the famous show which this noted nite spot features.

Among those present were: Mr. and Mrs. Max D. Levine, Mr. and Mrs. Wm. Rabkin, Joe Ash, Irv Morris, Mike and Joe Munves, Bill Rodstein, George Ponser and Irving Kay, Mr. and Mrs. Al. Blendow, Mr. and Mrs. Nat Cohn and Earl Winters, Claire Grant, Mr. and Mrs. Charles Rubenstein and others.

HARRY ROSENTHAL IN FULL SPEED ACTION

Harry Rosenthal

PITTSBURGH, PA. — According to Harry Rosenthal, "We are in full speed action here at Banner Specialty Co."

In addition, Harry is also proud to report, "My son, Capt. Herbert Rosenthal is with me now and has taken over the position of general salesmanager. He is thrilled to be greeting operators who call around here and welcome him back to Banner Specialty Company."

The firm are featuring the products of the leading coin machine manufacturers and are engaged in taking care of every operator in this territory to see to it that he is well equipped for new, post-war operating.

THRU THE COIN CHUTE

CHICAGO CHATTER

Now that the holidays are over, out of towners are trekking in again to see what they can see, in so far as new equipment is concerned. The shortage of materials, plus the endless strikes, has the manufacturers on a merry-go-round. "If it isn't one thing, it's ten of another", so they say . . . Seen here and there about the town, making the rounds: Al Antonetti of Midwest Novelty Co., Rockford, Ill.; Louis Boasberg and Ray Bosworth from way down yonder in the New Orleans Novelty Company, New Orleans; Earl Montgomery of S & M Sales Co., Memphis, Tenn.; W. C. Deaton and his son, Warren Deaton, Jr. of the Blue Grass Sales Company, Louisville.

B. D. Lazar and the Missus came to town to attend the furniture show (and, of all things, without a definite hotel reservation) and not a room to be had in all of Chicago. They would have been stranded, were it not for Dave Gottlieb who came to their rescue by inviting them to stay at his home during their visit here . . . Let this be a warning to any others who intend to come here. Unless you have a very definite reservation—you will be out of luck—because the hotel situation is getting worse every day due to the large number of conventions slated for this Windy City from now on in.

Nate Gottlieb and his charming Mrs. going down to Dallas, Texas, to spend a two weeks vacation with brother Maurie and sister Sarah. When Nate returns to Chi, brother Dave plans to take his Missus to Florida for a month. After that, brother Sol will head for the West Coast to renew old acquaintances and contact all the coin machine boys out there. This will be Sol's first trip to the West Coast since before the war. He formerly spent most of his time on the West Coast representing D. Gottlieb & Company.

Roy Bazelon of Monarch Coin Machine Co. back from a month's vacation in Florida and looking tops—but yearning to be down south for the duration of the winter . . . Max Berenson, Distributing Corp. of Illinois, Aireon distribs, also just back from a month's stay in Florida and rarin' to get into action just as soon as Lou Koren joins him which will be the latter part of January. They plan to change over their building and get everything in readiness for showing the new Aireon music line.

Oscar Schultz of Automatic Coin Machine & Supply Co. off on a business trip thruout their territory, contacting the trade. He reports, "Business is tip-top. If only the supply was as great as the demand" . . . Morrie Ginsberg (Atlas Novelty Co.) rushes back from a short stay with his family in Florida to give Eddie a hand preparing for those private showings of the new Seeburg phono to be held at their various branches as well as in Chicago. They will show the new Seeburg in Pittsburgh at the Wm. Penn Hotel on Sunday, Jan. 13; in Chicago at the Congress Hotel on January 17 and 18; at the Leland Hotel in Detroit, Mich. on January 21 and 22; at Kirkwood Hotel in Des Moines, Ia. January 26 and 27 and at the Paxton Hotel in Omaha, Neb. on January 30 and 31. Eddie and Morrie plan to be present at all these showings.

Gil (Empire Coin) Kitt all jittery because he is unable to move into his own building as soon as he planned and because his present quarters have become too crowded. He is now jammed right to the doors. Gil reports that he has so many new things under way that he is just bursting with enthusiasm to get moving so that he can get into real action. Gil's not complaining about business. He claims that there's been no let down despite the fact that new equipment supposedly has been on the way for many months.

The avalanche of work that Art Weinand, salesmanger of Rock-Ola Mfg. Corp. has taken upon himself seems to agree with this enterprising young exec—he's putting on weight and is feeling tops and there's no denying, from all indications, as well as that genial smile he flashes when you mention the "Phono of Tomorrow"—it won't be long now . . . The A.B.C. Music Service Corp. (who recently bought out the phono operations of Ace Music Co.) will not move to 2252 W. Chicago Ave., as was first announced. They are still negotiating for suitable quarters, announcement of which will be forthcoming as soon as they are set.

Dave Yaras of American Amusement Co. is expected back from Tucson, Ariz, and plans to immediately go down to Florida. In the meantime Harry Brown and Harold (Perk) Perkins are plenty rushed with all those new plans under way, not to mention AMI music, etc. . . . Ed. Hansen of Groetchen Tool Co. off to Canada on business that has to do with the famous Groetchen Rotary Cooker. And when he returns sometime this month—the new Columbia will be ready for production.

Ben Coven (Coven Distributing Co.) newly appointed Bally distrib plenty busy getting his building remodeled and beautifully furnished in readiness to display the complete new Bally line as quickly as the equipment comes off the production line. The new "Victory Derby" is already on display in Ben's showrooms and is creating no end of interest. Ben announces the appointment of Sidney Kromer to handle sales. Sidney will also travel and contact the trade in their territory. Ben requests that we dispel the rumor that he will not accept used equipment in trade and informs that not only will they take equipment in trade, but that they are equipping a special department to handle traded in equipment.

E. W. Pace of Pace Mfg. Co. happy to have Jean Bates back—to give him a hand with all the expansion plans—not to mention the backlog of orders which have this factory working day and night . . . A trip thru the Jennings plant to watch those new Chiefs roll off the assembly lines is something really worth seeing . . . Joe Schwartz of National Coin Machine Exchange is back at his desk following a two weeks illness which kept him pinned down in bed.

Over at the Bally Manufacturing Co. plant things are really humming for they're shipping Victory Derby just as fast as they come off the production line. George Jenkins, Bally vice-president and general salesmanager stated that, "Altho production is still limited by material shortages, bottlenecks are sufficiently broken to permit delivery on a national scale". George also explained, "We have been in production on a small scale since last September and several hundred Victory Derby games have been on location in representative territories for periods ranging from two weeks to three months. This prolonged pre-production location test, the most extensive in coin machine history, has proved Victory Derby to be far ahead of all former multiples in play appeal and earning power. Now that we are beginning to hit our stride in production, operators in multiple territory are going to reach new highs in pay table profits".

Dick Hood (H. C. Evans & Co.) in a huddle with contractors, architects, etc., making arrangements for that additional plant next door to present factory. The many new games now under way making it necessary to expand plant facilities in order to insure speedier production when materials again become available . . . Al Douglis and Dave Helfenbein (Daval Products Corp.) busier than a couple of bumble-bees trying to get their building remodeled. And as soon as this is completed they will be ready for action and an announcement.

In town and making the rounds: Henry B. Fox and Jules H. Peres of New Orleans, La., Floyd Wasson of Monmouth, Ill., the three Mack Brothers (count 'em) of Baltimore, Md., H. B. Shepherd of Houston, Tex. and Milt Green of Ark-Tenn Distributing Co., Little Rock, Ark. . . . Gil Kitt has just been appointed distrib by O. D. Jennings & Co. and Gil proudly announces that Jennings will soon be out with four new bells. Gil reports exceptional beauty of cabinet design plus several new mechanical improvements which will make these bells even more profitable for operators.

Mac Churvis, popular coin adman, happy over the arrival of his daughter, Hope Bunn and his grandson, David, from Los Angeles. Son-in-law, MTS Joseph E. Bunn was sent to China and expects to be there for at least a year. So daughter Hope and young David expect to remain here in Chi until he returns . . . Seeburg's new plant, close to present factory, is well under way and covers close to an entire city block on Fremont St.

DeWitt (Doc) Eaton, general salesmanager of AMI and James Mangan of Mangan & Eckland, advertising and public relations counsellor, made a trip to the Automatic Instrument Company factory at Grand Rapids, Mich., during the week of January 7. They saw the new AMI phono in the process of being completed and conferred with Harold E. Atchison, general manager, A. G. (Jack) Bowen, factory director of purchases and other factory executives. Jack Bowen returned to Chi with "Doc" Eaton and will spend two or three weeks here.

Jack Breidt and Leo Willens of Uneed-A-Vendors, Inc., Union City, N. J. working 24 hours a day at their plant. Leo seen in town with one of his leading out-of-town distributors . . . M. Weinberger, S. & W. Coin Machine Exchange, Detroit, Mich. on Tenth Avenue buying equipment . . . Herman Perin, Sales Manager for Runyon Sales Co. of New York, for the umpteenth time wants his friends to know that he cannot get to sunny California at this time. But, he hopes, it won't be long!

Willie (Little Napoleon) Blatt, Pla-Mor Corp. (distributor for Packard Manufacturing Corp.) returns to his native Brooklyn, N. Y. from Florida for a short visit, then on his way to Chicago . . . Who was that beautiful, gorgeous blonde showgirl seen with Earl Winters, Modern Music Sales Corp., one evening last week.

Joe Ash of the Active Amusement Machines Co. Philadelphia office and Irv Morris of the Newark, N. J. office, in town for the Arcade Owners dinner, and they really have a good time . . . Bill Rodstein, that popular Philadelphia coinman, and head of the association there, leaving for a 30 day trip that will take him thru the Southwest and finally to California . . . Henry Knoblauch, Nat Englander, Clifford Witham, Jr. of Glens Falls; Leon Suba of Rome; James Ammenheuser of Albany; Larry Gordon of Schenectady; Charlie Johnson and M. Seidell of Kingston; and Bill Gimlich of East Chatham, were visitors at Art Hermann's new offices and showrooms at Albany, N. Y. within the past few days, and ask Art "When can we see and hear Aireon?"

Al Blendow, International Mutoscope Corp., running thru one of those tough sessions. He just returned from a sick bed, but his wife still suffering from a cold, and on top of this, has a death in the family . . . Jim Noonan, Noonan Amusement Co. vacationing in Florida with his missus . . . Howie Dean, Dean Cigarette Service, Brooklyn, N. Y. died this past week . . . Julius Malich, Delsex Music Co., suffered a stroke of paralysis, but the word is that he's coming along fine now . . . Dave Feldman of Kingsboro Music Co., Brooklyn, N. Y. in bed with the flu . . . Ruth Nussbaum of the Music Operators Assn. marries Sid Kronenberg, Sunday, January 13. The couple will spend their honeymoon in Miami, Fla. Miss Nussbaum will return to her duties in a few weeks.

Ed Ravreby, Associated Amusements, Inc. grabs an early plane from Boston, Mass. to attend the Arcade Banquet, but is delayed because of bad weather, and never gets there . . . Bill Rabkin, International Mutoscope Corp. tells that this plant is almost converted solely to the manufacture of coin machines, only one war contract still in effect . . . Jackie Berman, Economy Supply Co., back on the job, and is amazed that he can fall back in the swing so easily. All he has to learn over again is the location of those many parts and the prices—that's all. Bess Berman, with Jackie working again, takes the opportunity to run down to Baltimore to see her new granddaughter . . . Eddie Smith, Wurlitzer distrib here one of the country's most gracious hosts.

Mike Munves, just out of a sick bed, would like to be on that train to Chicago, but has to take it easy for a while . . . Charlie Aronson and Bill Alberg, those two fast stepping distributors from Brooklyn Amusement Machine Co., Brooklyn, N. Y. claim they have a real surprise up their sleeves for an announcement very soon . . . Jack Fitzgibbons, Jafco, Inc. another distrib who will soon be ready to break with some important announcements . . . I. H. Rothstein, Banner Specialty Co., Philadelphia, Pa. back in action now that the war's over . . . Miss Etta Brodsky, Emby Distributing Co. claims she has "coin machine blood" pouring thru her veins. Now that the action has started once again, the sparkle has returned to her eyes.

THRU THE COIN CHUTE

CALIFORNIA CLIPPINGS

Bill Wolf of California Amusement Co. got his entire organization well set up prior to flying to Chicago. He just hired a new auditor, Charles Ryman, who was formerly connected with the J. E. Benton Management Co. This firm handled the auditing for the Ambassador and Park Wilshire Hotels as well as many of the large office buildings in downtown L.A. and San Diego. He has also transferred M. W. Griffin, shop superintendent, from San Diego to San Francisco. Chet Garton has been appointed general manager and Walt Huber salesmanager of the San Francisco offices.

Jean Minthorne reports that the reason they had to postpone the showing of the new Seeburg phono from the 14th to the 20th of January was due to the holiday layoffs, shipping congestion in Chicago and other circumstances beyond the control of the factory . . . The music machine ops association of Southern California are planning a meeting for the end of this month. The date hasn't as yet been set. Sam Ricklin, vice-pres. of the organization, reports that the music ops have been sending telegrams to their Representative in Congress to fight the Buckley bill and he hopes that all ops will keep up this fight against this very serious bill. By the way, a new manager is about to be appointed for the assn.

Nels Nelson claims that he's all set and ready for business. Nels has fixed up one of the nicest and most attractive shops and showrooms along coinrow. He is planning to add on more mechanics so that he can speedily handle the large volume of business he now has and which is increasing each week . . . It's not a secret any longer that Jimmy Rutter is adding an additional member to the Rutter family any day now. Jimmy is expecting his son to help things along sometime in February. (We'll be waiting for the cigars, Jim.)

Charley Robinson is slowly recovering from some big doings in Las Vegas last New Year's eve. Charley now expects to stay in town for a while at least. He reports that more new equipment is on the way and that he will soon have plenty of those Bronze Chiefs to take care of the big demand . . . W. H. (Bill) Luenhagen has just received his long awaited line of salesboards and ciggy lighters. This lighter that Bill is featuring tops anything we have seen to date. It's a honey of a deal for any salesboard man.

A special meeting was called this past week by "Curley" Robinson of AOLAC at the Mayflower Hotel. All distribs were invited and were expected to attend. Many matters of interest to all ops were to be discussed at this meeting. (Further reports of the meeting itself will appear next week) . . . Bill Happel of Badger Sales spent the holidays calling on ops in San Bernardino. And this past week we saw Bill dining with Ed Johnson at the Player's Cafe—one of the nicer spots in L.A. . . . Ray Powers who manages Eddie Mapes' offices here reports that he expects the big boss in town any day now and that he will have a very important announcement to make.

Ops seen along coinrow this past week: Ray Tisdale of Glendale, G. H. Kelly of L.A., Shannon Douglas and Sam Schwartz, Wendel M. Brown of Santa Ana, I. B. Geyer of San Berdoo, Carl Fisher of Inglewood, Roy C. Smith of Lancaster, Frank Lamb, John Brinton of Banning and Al Cicero of Santa Maria . . . The Paul Laymons of the Santa Monica Paul Laymons are fighting that ole debbil flu in a new way—they've got themselves a great big jar of vitamin pills on their twin desk and every so often either Paul or Lucille will pop one into their mouths. Tain't funny—it works.

Two former coinmen just out of uniform seen strolling together down coinrow—Nelson Baker and Bernie Knotts . . . Fred Meyers and Len Kelly of K & M Distributors are working harder than ever getting the disks to the juke box ops. Kelly is leaving for a trip thru northern Cal. into Oregon and Washington and far into the northwest country where he is going to appoint more sub-distribs for the discs they are handling. Fred Meyers reports that the demand for the new Memo label discs exceeds their fondest hopes and that they are now stepping up production to meet this demand.

Art Weiss one of the old time ops is back on the job again after being in hospitals from one end of the country to the other. Art was a member of the Merchant Marine and was on an oil tanker that blew up. He suffered extensive injuries, but is now on the mend and rarin' to get going again in the coinbiz . . . Len Micon of Pacific Coast Distribs has just remodeled his showrooms and service dept. and really has a very attractive spot for the coinmen right now . . . W. Merle Connell of Quality Pics claims that the new talent which they will use to make their new coin machine films is going to prove "absolutely sensational".

THRU THE COIN CHUTE

MINNEAPOLIS

It's plenty "hot" in town with excitement over the new proposed regulation socking coinmen here $50 per phono per year and $150 per pinball machine. And brother the boys are boiling . .| . Twin City jobbers played host this past week to a great many out of town ops. It seemed like the good old days all over again seeing so many old and new faces around the town . . . H. C. Carey and Burrill Brown of the Watertown Amusement Co., Watertown, S. D. seen around visiting . . . John Marquardt also in town . . . I. F. LeFleur paid his usual visit to the Twin Cities . . . C. L. Guillaume was also in town and it was nice to see him for he hasn't been around in sometime now . . . Beau Brummel Mike Imig, the well dressed man of Menno, S. D. in town for a couple of days.

Also seen around were: Bob Ahearn of Lamoure, N. D., Art Johnson of Glenwood, Minn., Feldman and Hillmer of Pipestone, Minn., B. R. Couch the jovial maestro of Grand Forks who is really very good company . . . Stan Woznak is in very good spirits. His two mechanics are both discharged honorably and are back on the job again. That takes quite a load off Stan's shoulders, "And now", he says, "I can relax a little" . . . Len Duffy was seen in town as was Norman Gefke of Soo Falls, S. D., and Frank Mager and his wife . . . J. C. Johnson honorably discharged from the Army is back working for his dad . . . Charley Potter seen around the town also J. Blenker and Fred Fixel of Pembina, N. D. as well as Martin Kallsan and his brother—and a surprise visitor to the Twin Cities—Bill Hanf.

And still more people seen around town this past week: Mike Kolarsardo and his wife. Art Berg and a couple of his henchmen . . . Harry Harrison of Brainerd, Minn. is inviting his friends to come on up and spend sometime ice fishing. But, you've got to get used to this sport, first . . . M. A. Tierney is mending very nicely at the Swedish Hospital since being in an auto accident three weeks ago . . . Tom Crosby of Faribault, Minn. drops into town to say "hello" to coinmen here . . . Mike Trupe, after spending three and a half years in the Army, is now with the Advance Music Co. in Minneapolis. This is a new field for Mike . . . J. C. Weber seen in the Twin Cities . . . M. H. Whisman of Hibbing, Minn. in town for a couple of days but so busy he didn't have time to tell us all about himself.

Hy Greenstein is getting over that bad cold of his and is eagerly looking forward to displaying that new model Seeburg phono . . . Herman Paster is still flying here and there and everywhere and reported to be doing a real sales job . . . From the pics we saw in that Miami newspaper it seems that Sam Taran, formerly of Minneapolis, sure did buy himself a gorgeous home down there in warm and sunny Florida . . . Billy Cohen (The Sphynx) reminiscing with his friends over at the Standard Club about the bridge hands he should have made a week later . . . Ernie and Wally Zellmer both discharged from the Air Corps and back on the job again working for M. A. Tierney and Sam Karter.

NEW ORLEANS

Fletcher Blalock in town on January 2 to help the F.A.B. crew get things in order for the big showing and then off to Atlanta for National Wurlitzer Days . . . Off the sick list are J. H. Woodruff, Ray Augrain and Abie Chesser's pride and joy: Kelly Ann . . . Congrats to the O. C. Marshalls who celebrated their third year of married bliss January 5 by swinging a jamboree at the Lake Front. Present were his podnahs, H. B. Fox and Jules H. Peres and their ball-and-chains . . . Louis Hatier, after two and a half years with the AAF in Germany again showing his smiling face at Decca.

They tell us that we can expect to see the new Aireon line of musical machines on or about January 15 . . . And Ed Ponder claims that the new AMI model phono is also due very, very soon . . . So it looks like a musical January anyway . . . And, to top everything else off in this music biz—Paul Van Husen of the Van Husen Music Co. and Mary O'Meara, who used to manage this new concern, went and done it — yep — they got themselves hitched. Good luck, kids . . . Burtee deLong, a Bostonian by birth, now in charge of the instrument repair department over at Van Husen Music.

After 2 days in Atlanta, Chesser comes back here to join Ray Augrain, Bill Graham, E. B. Stewart, Jack and Dallas Grantham and Joe Villars in National Wurlitzer Day showing of the new Model 1015. And from what the ops who came into F.A.B.'s showing stated—this new model Wurlitzer is really scrumptious . . . H. B. Brown, noted music op, still suffering from an infected finger . . . Dutch Rood home again from that perfect Cincinnati vacation and looking grand.

Poor Ed Ponder, after a really marvelous time in Chi seeing the sights and enjoying such famous nite spots as the Beachcombers and the Chez Paree was grounded on his way back in Memphis, Tenn. and had himself a nice long wait until he pulled in here very late in the P.M. of the 5th. Mac Guster, who is Ed's employee over at the Louisiana Coin Machine Service, is a native of Memphis and was kinda wishin' that he would have been in Ed's place when grounded.

Lil Samuels who went home to Memphis to spend the Xmas holidays is still there. She's down with the flu. Speedy recovery to you, Lil . . . Warren "Sunshine" Slyh back at work from his holiday vacation in Columbus, O. . . . January 19 will find Mr. H. B. Brown in Atlantic City to attend the wedding of her daughter Marylin to former Seabee, Ted Reed. But hubby "H.B." will remain at home to attend to his very extensive route.

C. M. I. BLUE BOOK

The "Coin Machine Industry Blue Book" for new and used coin operated equipment is issued every week. It is a review and digest of all selling prices based upon the market quotations for the week. *Copyrighted 1946 by The Cash Box, 381 Fourth Avenue, New York 16, N. Y.*

FOREWORD

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The C.M.I. Blue Book can only feature the market prices as they are quoted. The C.M.I. Blue Book acts exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for the past week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The C.M.I. Blue Book, rather than show no price, retains the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The C.M.I. Blue Book reports each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

METHOD

The C.M.I. Blue Book is to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the past week. Where only one price appears this should be considered lowest price.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

1. MEANS PRICE WENT UP.

2. MEANS PRICE WENT DOWN.

3. MEANS MACHINE JUST ADDED TO LIST.

4. MEANS PRICES WENT UP AND DOWN DURING THE PAST WEEK

5. MEANS PRICES REMAINED SAME AS IN LAST PRICE LISTS.

6. MEANS NO PRICES QUOTED FOR PAST TWO WEEKS

7. MEANS NO PRICES QUOTED FOR PAST THREE WEEKS

XX — MEANS NO PRICES QUOTED FOR MANY WEEKS—PRICE SHOWN IS LAST KNOWN QUOTATION.

IMPORTANT

Machines underlined mean these were most active in trading the past week.

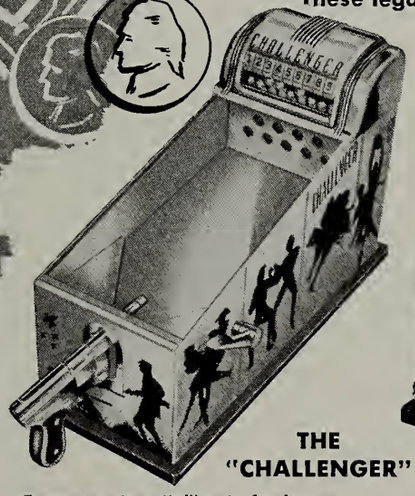
ABT TARGET SKILLS Earn Real Money!

Target skills fit into arcades, lunch rooms, small stores and countless other locations that do not have room for larger machines. Without any effort, you can make more money with target skills by collecting from two machines instead of one.

- ★ *Ease of transporting*
- ★ *Enjoyment to customers of shooting army type pistols*
- ★ *Lack of need for much servicing*
- ★ *Attractiveness of machines*
- ★ *Constant play they get*
- ★ *The utilizing of all available location space*

ADDED together these are the reasons target skills mean substantial profits to you.

These legal, pure skill amusement devices will earn in and fit any location.

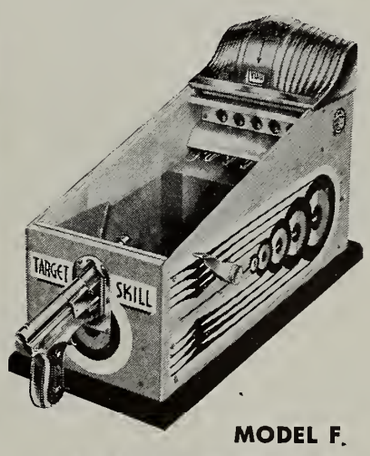


THE "CHALLENGER"

Everyone gets a thrill out of using a real army type pistol. Together with an attractive cabinet, the "Challenger" will astound you with its drawing power. The desire of one customer to challenge another creates more interest, constant play and enormous returns.

THE "BIG GAME HUNTER"

This target skill takes the play and holds it. Designed to stimulate appeal and interest to your customers, this machine has proven its earning power. You will find that the "Big Game Hunter" provides a good nucleus for maintaining a location.



MODEL F

The interest and pleasure of manipulating this particular target skill is reason for its success. Five targets rising, one at a time, provide a liveliness to the machine. Expert and novice alike find that Model F has tremendous appeal.

UNCOMPROMISING POLICY

FROM 1917 TO 1942

"Endorsing Only The Best"

In 1942 war restrictions and conditions called for ***at least*** a compromise in our policy if we were to continue our business.

Rather than do that we stopped!

Being sure ***now*** that nothing can compel us to make even a remote change in our original policy, we are renewing our activities ***in every field of the Coin Machine Industry*** with this pledge.

We shall recommend and sell ***Only The Best*** Amusement-Merchandising-Music Machines and Accessories.

Our Main Offices and facilities for modern and speedy service will be at 199 W. Girard Avenue. Our new home, the largest of its kind, will be completed about February 20th.

Our Pittsburgh Branch is now in full swing under the direction of Harry Rosenthal, with Captain Herbert Rosenthal Sales Manager, and George F. Klersey Service Manager.
